

August 5, 2016

Dear Parents/ Guardians

I am pleased to announce that **ALL** Chicopee schools have qualified for the Universal Free Lunch and Breakfast under the United States Department of Agriculture Community Eligibility Program.

This means all children who attend our schools will receive free breakfast and lunch. If a second lunch is purchased it will cost \$2.00 for secondary schools and \$1.75 for elementary. Adult lunches will remain at \$3.50.

Unfortunately, we cannot forgive unpaid lunch balances. All balances must be paid in full by September 30, 2016. If your child owes money he or she will be notified.

The Chicopee Schools are fortunate to qualify for this program and will continue to provide the same quality nutritious food as in the past. Please feel free to contact the School Nutrition Office or your school principal if you have any questions.

Sincerely,  
Joanne Lennon
