ACCIDENT INSURANCE FOR STUDENTS

All students who wish to participate in competitive athletics must provide proof of medical/health insurance.

A noncompulsory accident insurance plan administered by an insurance company may be made available to students through the Chicopee Public Schools. The District does not assume any responsibility regarding service, claims, or other matters relating to any such insurance program.

The Chicopee Public Schools also carries student accident insurance, which may provide coverage to students for accidents such as motor vehicle accidents that occur during school-sponsored activities and other accidents that occur during school time, on field trips, or during interscholastic athletics, provided that such accidents fall within the policy's terms.
